Invitation to the ROMANIAN ACADEMY - BUCHAREST

On behalf of the Organizing Committee we are pleased to invite you as an exhibitor and/or sponsor at the 15th International Conference of Physical Chemistry ROMPHYSCHEM-15, held on September 11-13, 2013, in Bucharest, Romania.

International Conference of Physical Chemistry - ROMPHYSCHEM15 is organized by the Ilie Murgulescu Institute of Physical Chemistry, Department of Physical Chemistry of Bucharest University, ALPHA Association and supervised and supported by the ROMANIAN ACADEMY and the NATIONAL AUTHORITY FOR SCIENTIFIC RESEARCH.

The Conference will be hosted by the Romanian Academy and Romanian Academy Library, Calea Victoriei 125, Bucharest.

Since 2006 ROMPHYSCHEM is an important international event attended regularly by over 300 participants from Romania and abroad, gathering top scientists and professors, engineers and manufacturers, members of the academic communities as well as students and junior researchers in an extended debate of main fundamental and applied aspects of physical chemistry. Major high priority fields within EU FP-7 and Horizon 2020 are approached, with emphasis on frontier research: health, food, agriculture and biotechnologies, nanosciences and nanotechnologies, energy, environment protection. The 350 registered contributions, presented as plenary and keynote lectures and posters, are grouped in seven sections and two satellite workshops.

1. Theoretical chemistry. Molecular spectroscopy.
2. Chemical kinetics and thermodynamics.
3. Surface phenomena. Colloids.
4. Electrochemistry. Corrosion. Ionic liquids.
5. Materials science. Chemical engineering.
6. Biophysical, environmental and green chemistry.
7. Catalysis and chemical engineering.
8. Workshop: Sol-gel science and technology.
9. Workshop: Advanced ellipsometry and X-ray techniques for nanostructured materials characterization.

The Conference provides an ideal framework for discussion, expression of different viewpoints, experience exchange and onset of bi- and multi-lateral cooperation. The generous space of the Academy Library "Heliade" Hall and its surroundings offers a perfect ambient for companies to present or advertise their products via exhibitions and/or specific presentations. The heart-of-the-city location and media coverage of this event constitute a major component concerning sponsors visibility.

We are looking forward to your presence in Bucharest
